

NO TO A POWER PLANT IN WALNUT!!!

Join us and Oppose this project, go to www.savewalnut.org and sign our petition

DON'T LET THIS HAPPEN IN WALNUT

The current construction at Grand & Amar by Mt. SAC for an **industrial scale Solar Power Generating Plant** is located on a hazardous **high Landslide potential** area [1]. Digging and grading to prepare the site has grave landslide potential on the surrounding homes.

[1] Terrestrial Solution Inc., *Geotechnical Review of proposed Grading of the West Parcel Site for Mount San Antonio College, Walnut, California*, Project No.: 17-088

Please visit our website www.savewalnut.org and sign the petition urging the Walnut City Council to STOP this project.
